PROJECTS

Water Your Plants, Front End Developer

[\[GitHub\]](#) [\[Website\]](#)

React | PostgreSQL

- Built a platform that allows individuals to make an account, login, add, edit, or view their plants, and alerts the user as to when they need to be watered.

Potluck Planner, Front End Developer

[\[GitHub\]](#) [\[Website\]](#)

React | PostgreSQL

- Developed a platform that allows a user to plan a potluck, complete with dishes needed, and invite other users to attend. The attendees are then able to choose a dish, if any, they would like to bring.

Anywhere Fitness, Back End Developer

[\[GitHub\]](#) [\[Website\]](#)

PostgreSQL

- Created a database and API that allows a developer all the endpoints necessary to access the data one would need to build a functioning fitness app.

EXPERIENCE
